Stitching the Pieces Together

Whip stitch the basted pieces together to make two trees like the one shown in Figure 1.

Making the Loop

Tie a loop in a 1/8" wide x 6" long ribbon as show in Figure 2.

Cutting the Batting

Lay one of the trees on to some batting. Trace on the batting around the tree as show in Figure 3. Cut the batting on the inside of the tracing marks, so it will be a bit smaller.

Closing the Ornament

Remove the two triangles and two square paper pieces from the two trees. Save your paper pieces to reuse. Iron the trees to set the seams.

Lay the batting between the two trees and pin in place. See Figure 4. Whip stitch all around the out side pushing in the batting as you go. Do not forget to capture the knot of the loop at the top.

Finishing Touch

Tack the front and back together in five places as shown in Figure 5.

Your ornament is ready to be placed on the Christmas tree and enjoyed!
